Packing: 0.488m³, 2pcs/ctn

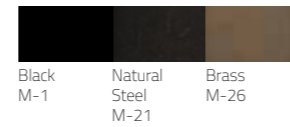

Iota bench

W1110 x D545 x H750 x SH450mm
Packing: 0.590m³, 2pcs/ctn

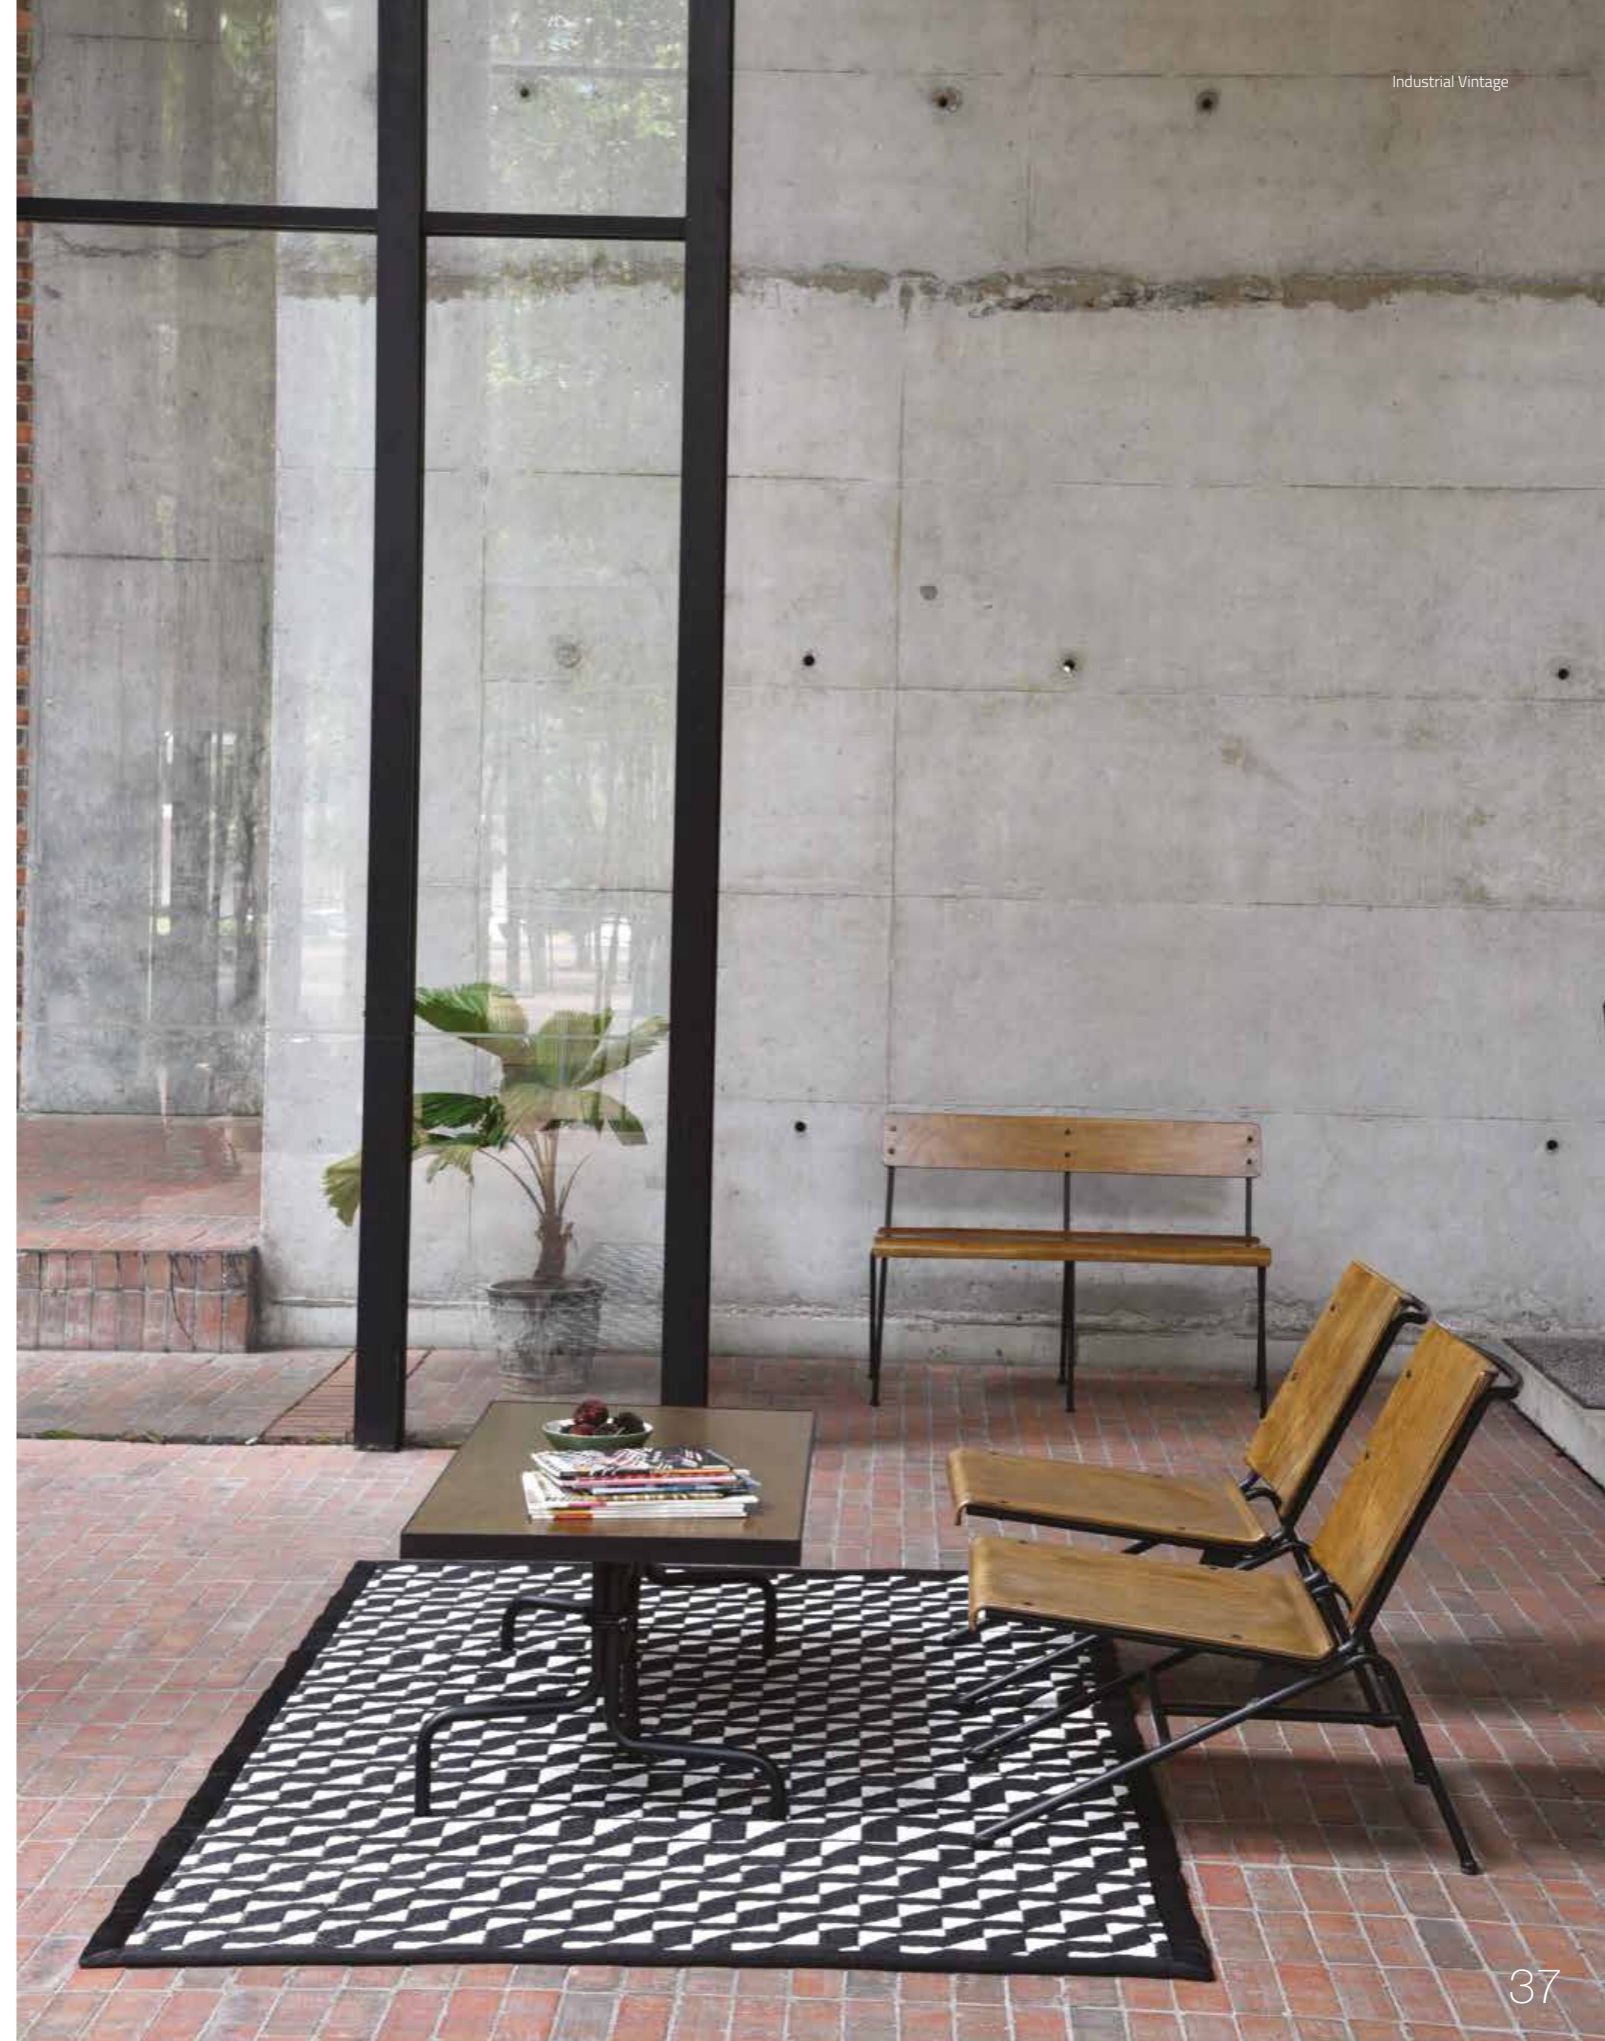

The reference to an iota as the tiniest bit of something is the inspiration behind the design of the IOTA Chair. The chair is so named for the minimal and efficient use of materials, labour and time required to manufacture it. This practical chair fits in perfectly in industrial-style designed spaces. Complementing the unfinished, utilitarian ambience, IOTA features a seat and back in Bass Veneer, studded with rivets for added character. The cold-galvanised treatment with epoxy finish highlights distinctive stoppers on the chair's feet. Get the bench and side chair too, all with comfortable waterfall seats. A dining table in the same style is also available.

The hallmark feature of the Inicio Bistro collection is the adjustable heights of the bistro stool, highstool, complete with lock mechanisms. Stylish and versatile, the Inicio Bistro Highstool, which does not have a backrest, is the ideal solution for the kitchen or bar area, whatever the height of the counter. The seat can be made of either metal or rubberwood. Finishing is epoxy or antique brass.

Constructed entirely of metal and finished in antique brass for a vintage look, the Inicio tables both look and feel solid. Combine the metal frame with a wooden top to create a fusion of classic and contemporary styles. Choose from a range of rubberwood or ash veneer for that unique look.

BARKAS

Design Hans Thyge & Co

How spectacular a table looks depends on the quality of both its table top and its base. The beauty of the Barkas table base is its classic simplicity, clean look and versatility. Constructed out of cast iron, it also features a mix of surfaces between the column and the raw casting surface of the cross-shaped base. Make your own exclusive versions of the Barkas base for your restaurant or café by choosing various techniques such as painting it with different colours and sanding the top surface.

VERITAS

Design Enrique Martí

Veritas chair

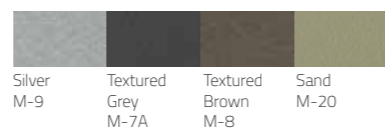

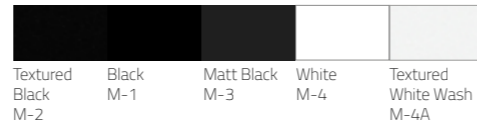

W530 x D580 x H780 x 450mm
Packing: 0.398m³, 4pcs/ctn
Stackable

Named after the goddess of truth in Roman mythology, the Veritas Chair truly gives ease a new meaning. The bigger proportions of this 'traditional terrace' style chair ensure a feeling of roominess and generously add to its comfort. The stackable Veritas Chair is the obvious choice for those who prefer their chair seat to be a little less snug. Made of mild steel with e-coating and outdoor powder coat, metal slats or Artwood slats, this affordable industrial vintage-style chair is designed for shaded outdoor use and is available as Chair, Arm Chair and Barstool.

*Available in metal & Artwood

ELLIPSE

Design Enrique Martí

Despite its lightweight appearance, the Ellipse Chair is solid and strong. Constructed wholly of mild steel, this chair has an appreciably wider girth where the backrest joins the seat. The broad panels are also contoured just right to sturdily cradle even heavy-set persons. See it in a variety of interesting colours.

Stackable

The traditional ideal of an aluminium and wood chair is reworked in the Adela. Softly rounded edges and a little broader on all sides for extra comfort, this stackable chair with a classic look is a shoo-in for all outdoor terraces. Strong and durable teak wood is used for its backrest and seat. Adela's simple design easily makes it an all-purpose chair, even indoors.

GAJAH

Design Hans Thyge & Co

Gajah chair
W615 x D585 x H740 x SH445mm
Packing: 0.292m³, 1pc/ctn

Everything is big about this chair. Like its name implies, the Gajah Chair (gajah means 'elephant' in the Malay language), offers an invitingly deep seat and a generously wide back, complete with two wings that resemble an elephant's huge ears. This fully assembled chair sits on a solid beech wooden frame while the Lounge version has a metal mild steel frame.

PINNA & POLY

Design Hans Thyge & Co

Design Enrique Martí

Distinctly oriental in flavour, the Poly Chair echoes both traditional Japanese and Chinese furniture styles and the shared emphasis on nature and simple shapes. The roughhewn tree branches used in ancient furniture-making are replaced by a modern frame of refined solid beech, with polyester webbing for the seat. The Arm Chair version has an additional backseat feature for even more comfort.

COUNTRY I

Design Enrique Martí

Country I chair
W510 x D545 x H790 x SH450mm
Packing: 0.327m³, 2pcs/ctn

Aptly named the Country chair, it's a clear example of how the same design can be adapted to suit different cultures and styles by changing only slight details such as the backrest. Country's easy adaptability allows distinctive features of different cultures to be incorporated into the design as the chair crosses borders from Europe to Asia. Country I is distinctively Italian in feel.

Premium Wood Colours:

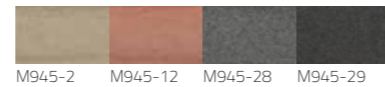

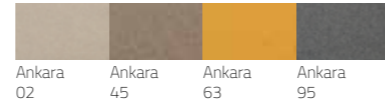

Solid Beech:

Solid Colours:

Fabric Standard Colours:

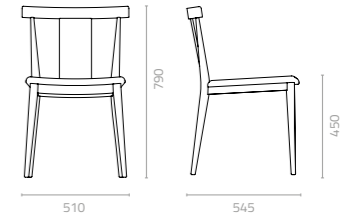

COUNTRY II

Design Enrique Martí

Country II chair
W510 x D545 x H790 x SH450mm
Packing: 0.327m³, 2pcs/ctn

Four different designs show off how the Country chair can look the same, and yet not be the same. Country II, for instance, is reminiscent of a Ming chair from China's dynastic past. All it takes is a single broad vertical addition to the backrest to give it an Oriental flavour.

Premium Wood Colours:

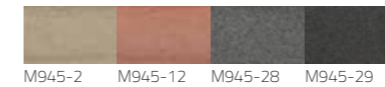

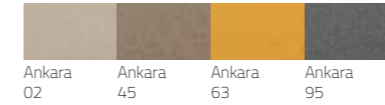

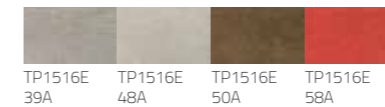

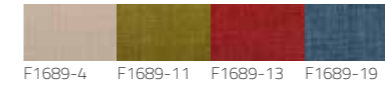

Solid Beech:

T-ARM

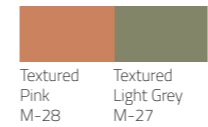

Design Hans Thyge & Co

An elegant, scaled-down cousin of the more flamboyant T-Chair, the T-Arm Chair is a modern reinterpretation of the old working chair of institutional furniture. Its absolute sturdiness and extremely strong construction make this New Nordic-design chair virtually indestructible, a perfect choice for the hospitality arena. Change the colour and wood surface for different looks. Both the Arm Chair and the Barstool versions are stackable for easy storage.

GRADO & TACO

Design Enrique Martí

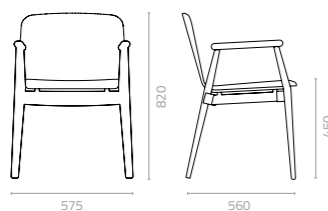

Design Danny Fang

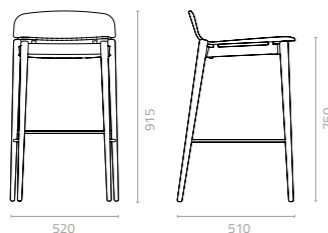

Grado chair
W515 x D550 x H820 x SH450mm
Packing: 0.446m³, 2pcs/ctn
Stackable

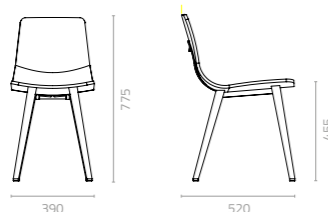

Grado arm chair
W575 x D560 x H820 x SH450mm
Packing: 0.296m³, 1pc/ctn

Grado barstool
W520 x D510 x H915 x SH750mm
Packing: 0.281m³, 1pc/ctn

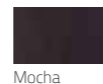

Taco chair
W390 x D520 x H775 x SH455mm
Packing: 0.263m³, 2pcs/ctn

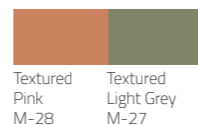

A popular chair of the 1980s finds modern expression in the Grado chair. Light and comfortable, this reinterpreted retro chair is also charmingly uncomplicated in design, except for two signature indents at the base of the backrest which single this chair out from the also-rans. The backrest flows seamlessly into the seat in a single smooth sweep, accentuating Grado's elegance. The side chair version is stackable up to five units.
