DEWAKAN

FURNISHING ONE OF ASIA'S FINEST

Ranking 46 in Asia's 50 Best Restaurants in 2019, and the only Malaysian restaurant to make the list, Dewakan by Chef Darren Teoh is applauded as a must try experience for seekers of the finer things in life.

A combination of the Malay words for "god" and "food", Dewakan is a modern appreciation of the bounty that Malaysia is blessed with. The restaurant's dining experience is designed to create meaningful connections with the people and culture represented in every ingredient.

Not only pioneering in the enrichment of the tastebuds, the restaurant, perched on the 48th floor of Naza Tower, also sets a new standard for atmospheric fine dining with its sublime environment that is greeted by the majestic silhouette of the Petronas Twin Towers and scenic Kuala Lumpur skyline. Working together with the distinguished chef, KIAN managed the furnishing of this project from start to finish and provided the necessary ingredients to bring this space to life.

Featuring an array of our designer and customised furniture, the chic pieces subtly, yet flawlessly add a sense of desired sophistication to the space. Noteworthy attention was especially given to the customised tabletops, which sport simple brass inlays that were meticulously arranged into a pinwheel motif as a tribute to Darren's childhood.

Pairing a modern and contemporary menu of local favourites with a breathtakingly beautiful setting that will definitely leave a lasting impression, Dewakan is an iconic project that KIAN is grateful to have been a part of. We wish Chef Darren and his amazing team continued success on their journey of fine dining excellence.

WHO WE ARE

KIAN is a global market leader in the furniture industry with decades-long experience. We're leading the field because we've invested time in listening to the particular needs of our customers and can be relied on to come up with solutions for them. As an intelligent furniture solutions provider that exports to over 100 countries worldwide, we design, manufacture and directly supply to the commercial and residential sectors. KIAN has a worldwide logistics network with storage facilities and skilled local teams to service customers.

For many years, KIAN has been serving contract markets around the world and providing them with Original Designs and furniture solutions. Better known as HORECA, a clever combination of the first syllables of hotels, restaurants and cafés, these are the market segments that we excel in. Our versatile HORECA range is able to cater to a multitude of dining environments, with each piece of furniture available in different finishings and materials. You are spoilt for choice when it comes to finding the ideal look for your space.

OUR PROMISE TO YOU

Promises are meant to be kept, so we don't make ours lightly.

It takes more than just decades-long experience in manufacturing to have a deep understanding of what customers look for in furniture. We're leading the field in the furniture industry because we've invested time in listening to your particular needs and can be relied on to come up with solutions for them.

Our KIAN Brand Promise says what you can expect from us.

BETTER DESIGN

KIAN's product offerings epitomise the ideal combination of trendsetting style and high contract quality performance. The versatility and timelessness of our Original Designs make them obvious choices for a wide range of applications across various market segments, from HORECA establishments to workspaces, education institutions and aged care centres.

Beyond manufacturing better designed furniture, we're also always striving for better blueprints in every aspect of our business that impacts how we serve you. Our quest for ever better design spans all fields of endeavour within our organisation. We constantly apply new ideas for improving areas such as workflow, sales presentations, training, logistics and even human resource management, all targeted at giving you seamless end-to-end service.

BETTER VALUE

We're single-mindedly focused on giving you peace of mind and making life easier for you. You'll see this difference in how we provide smart and total furniture solutions, prompt responses due to our localised presence and global service network, convenient and coordinated transport of all your varied furniture item purchases, and reliable on-time delivery to the destination of your choice.

More than that, we offer exclusivity: our Original Designs are created only for KIAN by globally renowned award-winning designers. In addition, the cost savings gained from economies of scale in all our factories are passed on to you to keep our prices reasonable.

BETTER WORLD

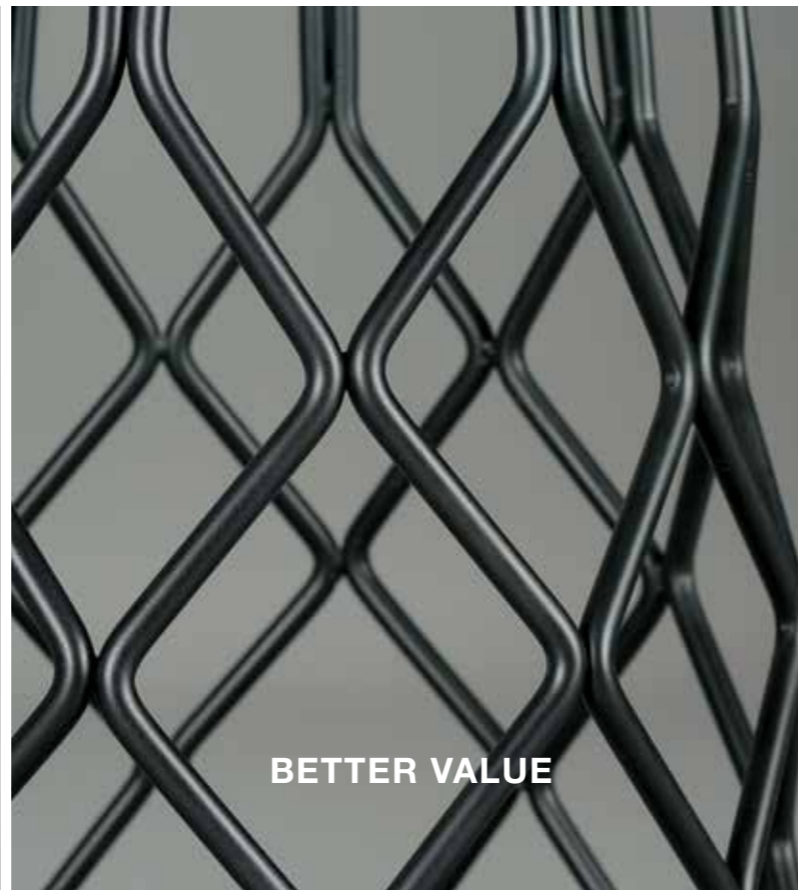

As citizens of Earth, we owe a duty of care to the environment, to you and to each other. We want to help make our world a cleaner, safer, more sustainable home*. KIAN adheres to LEAN management practices for better efficiency and reduced wastage, responsibly uses eco-friendly materials in the manufacturing processes, works at diminishing our carbon footprint, and partners with businesses that share a similar vision. When you purchase a KIAN product, you're also contributing towards a greener earth.

Our people's total wellbeing matters a great deal to us. We care for their emotional and physical health and believe in helping them to achieve their full potential. In so doing, we hope to make a tangible difference wherever in the world you find the KIAN name.

**KIAN's latest range of sustainable furniture uses FSC wood and recycled ocean-bound plastics. We are also currently partnering with NGOs on several projects to improve the lives of the less fortunate.*

AT OUR CORE

For close to half a century, we've been strengthening our three core pillars of Quality, On-Time Delivery and Culture. These pillars stand solidly behind our Promise to you.

Quality

As a matter of honour, we refuse to compromise on quality. To protect the hard-earned trust of our customers, we deliver only high-standard furniture that has passed strict quality control at every stage from source materials to final installation.

On-Time Delivery

Our job is not done until every order safely reaches you on time. KIAN's global network and prompt response from local teams ensure careful and hassle-free delivery, on time every time, according to the schedule agreed upon.

Culture/People

We believe in forming authentic relationships with our suppliers and customers as well as with each other. The wonderful industry-experienced people we have are always thinking of better ways to operate proactively and reliably as a single unit, with singular commitment to excellence and professionalism.

OUR SUSTAINABILITY JOURNEY

To ensure a brighter future for the world and generations to come, we at KIAN have begun taking sustainable steps in order to help save our planet from pollution and curb this growing epidemic. By partnering ourselves with a fully integrated recycling company in Malaysia, Plashaus, we have succeeded in manufacturing our award-winning Louvre and 120 chairs using sustainable Ocean Plastic (OP), with more products in the works.

Scan here to watch our latest video of the OP Louvre Chair and circular economy.

Plastic waste threatens the biodiversity of whole ecosystems

OP is made of recycled ocean-bound plastics that have been ethically gathered from coastlines around Malaysia. Both of our companies worked closely with each other for months, prototyping multiple iterations to perfect the suitable material pellet formula which was then used to fabricate strong, sturdy and sustainable chairs fit for commercial use.

By giving our customers this sustainable option, we would like to invite you to join us on our journey towards sustainability. Make the change with us for a greener, healthier Mother Earth.

OUR NEW MANUFACTURING CAPABILITIES

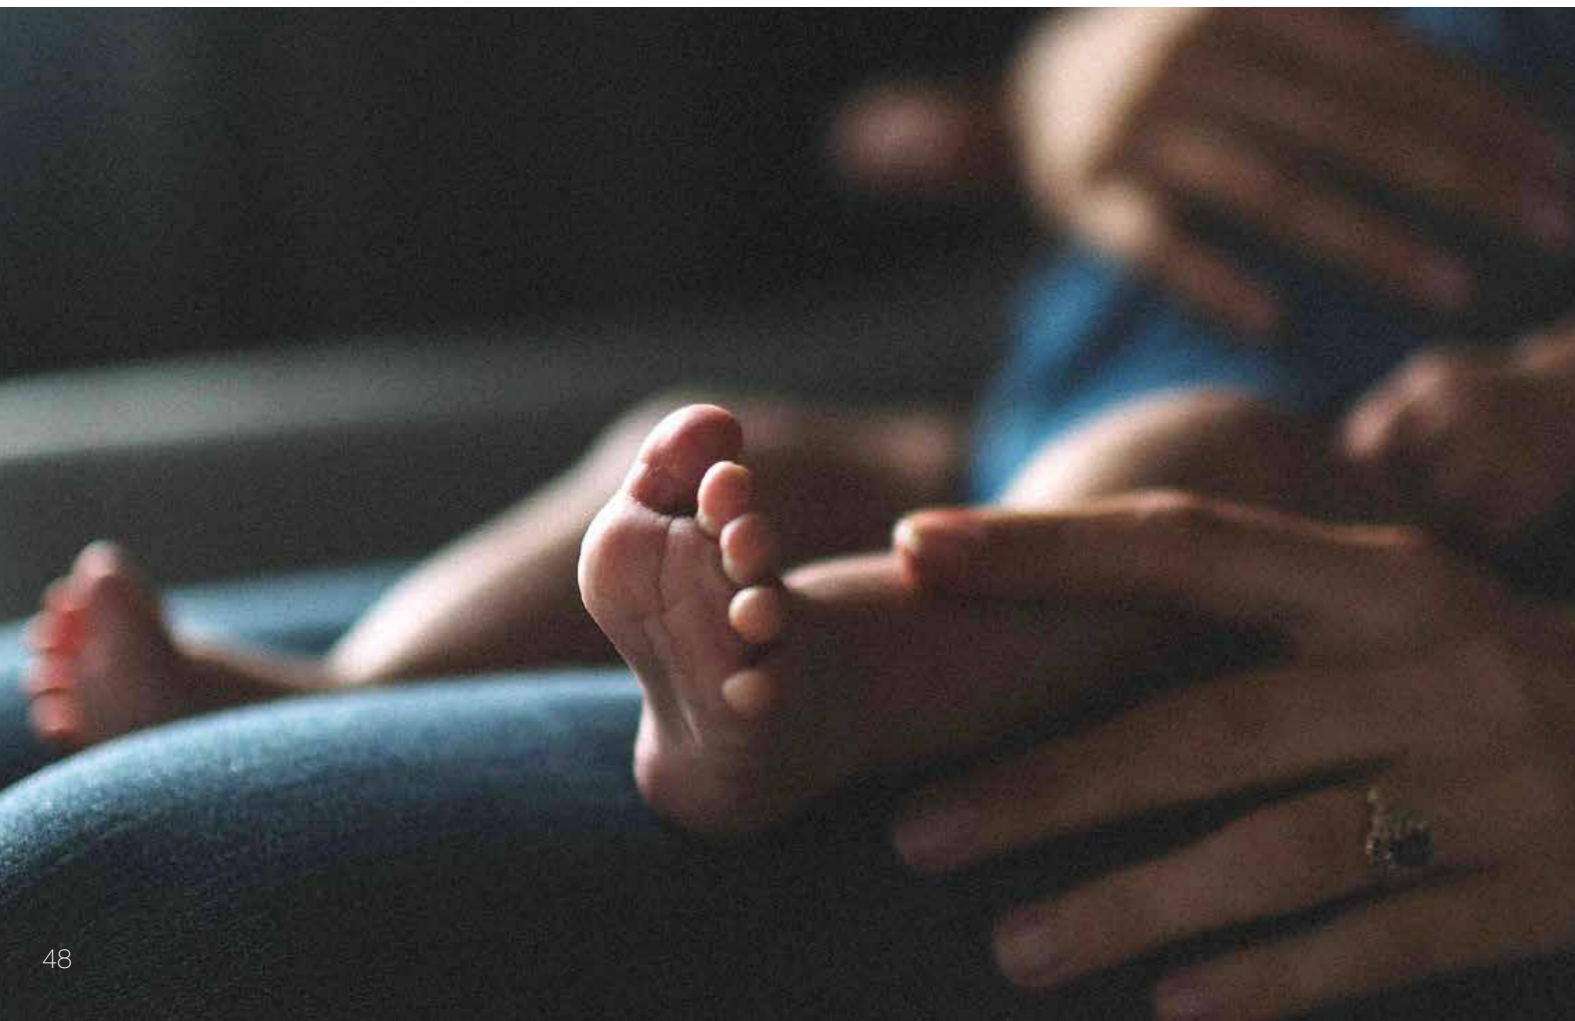

At KIAN, we are committed to investing in process improvements that will benefit and support our valued partners. Due to growing demands and the drive to provide the most efficient and cost-effective services possible, KIAN is pleased to announce the opening of our latest manufacturing facility.

Located in the same building as our KIAN Malaysian Headquarters, this 42,000 sq ft complex houses up to 40 people and includes new machinery that expands our local manufacturing capabilities. Included in our repertoire are in-house powder coating lines, metal works and new paneling and millworks with CNC capabilities, allowing us to fabricate products we couldn't before such as workstations, cabinets and wardrobes. All products manufactured in our new facility is available for local and export customers.

INTELLIGENT SOLUTIONS

We're constantly on the lookout for new ways to make life easier for our customers. KIAN's intelligent solutions include utilising advanced technology, logistics, materials and processes to save on costs, maintenance, time and space. We think ahead for you.

AQUACLEAN

Fabric Maintenance Made Easy

Fabric maintenance is easy when your furniture is upholstered with Aquaclean textiles. Aquaclean uses revolutionary fabric technology to form a flexible, invisible molecular layer that prevents dirt from penetrating the fabric. Common sofa stains such as wine, ink, sauce, fat, mud, chocolate and cream can also be cleaned away with just water.

That's not all. Opt for furniture that's upholstered with Aquaclean fabrics if you have pets at home, and enjoy a healthier, more hygienic environment. A completely smooth Safe Front Hygiene Protector layer protects against scratching by pets as well as accidental snagging by sharp objects, and makes removal of pet hairs easier.

It also combats mildew, bacteria and mites which can cause allergies, especially in children and the elderly. Aquaclean is PFC-free and 100% fire-retardant.

- Quick & simple fabric maintenance
- Cleans with just water
- Protects against scratching & snagging
- Smooth surface for easy removal of pet hairs
- Healthier & more hygienic
- PFC-free & 100% fire-retardant
