

Kian®

STABILLA

TABLE BASE

The latest KIAN Intelligent Solution that eliminates wobbly tables with proven self-stabilising technology

STABILISING TABLE BASE

Sigma - S10 Table Base

Top Plate (Spider)

Solid formed steel plate 'spider'. Secured to column utilising high tensile bolts.

Column

50 x 2.00mm tubular steel column, a stylised option for those seeking modern aesthetics without compromising structural integrity.

Self-stabilising technology

Our patented design incorporates all moving parts concealed within the column section. Mechanical and fully concealed providing greater design flexibility and unparalleled strength.

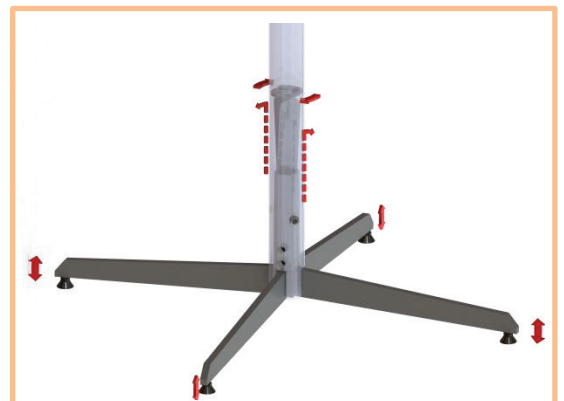

Solid Steel Base Legs

10mm solid profile cold forged steel. Profile set at 10° pitch.

Feet Glides

M8 tapped (screw in) feet included.

Height	: 720mm / 1020mm

Warranty	: 24 months	

Patented Technology

Fully concealed stabilising system offers greater strength and durability.

STABILLA

Stabilla by KIAN introduces affordable table bases that utilise a fully concealed stabilising system to help even out the whole table no matter where you place it. It comes in 4 designs and emanates a sleek appeal with its satin black finish, making Stabilla by KIAN perfect for various market segments. We have ready stock of the Sigma design with the other 3 designs available for order upon request. Visit our showrooms in Malaysia and Singapore to have a closer look at these proven table bases.
